

Greater Washington County **FOOD BANK**

A division of  Food Helpers

WHAT IS A VIRTUAL FOOD DRIVE?

Greater Washington County Food Bank has an alternative solution to traditional food drives. Rather than spending time, effort, and money into paying retail prices for canned goods, GWCFB provides individualized Virtual Food Drives on our website where we can use our special buying power to extend dollars even further, and making it fun and easy to help!

HOW IS THIS BETTER?

Since we can purchase in bulk at wholesale, we can triple the number of meals we can provide per dollar donated, extending our ability to help those in need.

WHERE DO MY DOLLARS GO?

100% of all funds raised are allocated towards the purchase of food for the Food Bank.
