FOOD HELPERS is excited to announce the... 3rd Annual 471 Kids Challenge!

The Little Moochi program provides nutritious, quality snacks and food items to local Washington County school districts.

Our goal is to raise \$471,000 by June 15th 2024

to support our programs to help end hunger for these children.

AND we have received a \$50,000 match from an Anonymous Donor to make your donation stretch.

There are no minimum requirements for donations, but the following amounts will make a real difference for children in Washington County facing food insecurity.

\$47.10

Feed a child for a month

\$471

Feed an entire class for a month

\$4,710

Feed an entire school for a month

There are an estimated 1,429 food-insecure children in elementary schools in Washington County. Our Little Moochi program serves 63,000 Moochi Paks to 11 school districts, 9 of which are in Washington County. Not all families are eligible for traditional food pantry systems or school meal programs. It is estimated that 471 of these hungry elementary school children may not qualify for the programs they desperately need, which is why the Moochi Paks and our community outreach distributions to families and children are important to bridge the gap.

Kids facing food insecurity in our area can count on me!
